

## OUTDOOR FIRE

# Douglas™

Traditional and timeless, the Douglas silhouette is instantly recognisable and never grows old. Defining the Douglas is the versatile profile. Arriving as a bare concrete shell, your fireplace is a blank canvas inviting your unique expression. Plaster then paint in any colour you like for a feature finish or clad in shist or river stone for a more natural finish.

---

# Installation

Delivered as a concrete shell with firebox and your choice of accessories. There are just six simple steps to installing a Trendz Outdoor Fireplace.

## Step 1

Contract out or DIY a concrete pad for the fireplace to sit on.

## Step 2

Trendz delivers the fireplace to a depot. A Hiab truck is required to bring the fireplace to your site and place the fireplace onto your concrete pad.

## Step 3

Fill the inside of your fireplace from the bottom up to the opening with concrete.

## Step 4

Your fireplace comes bare concrete. Assemble the steel firebox. Attach accessories, then plaster or clad.

## Step 5

## Step 6

Enjoy!
